person responsible

Copyright, brands and trademarks : The author will make every endeavor to consider in all publications copyrights of the used illustrations, sounds, video sequences and texts, to use illustrations, sounds, video sequences produced by himself, or to fall back on license-free illustrations, sounds, video sequences and texts. All brands and trade marks, mentioned within the internet offer, which may be registered and protected by third parties are unrestricted subject to the regulations of the respective valid laws and to the rights of the registered owners. However, due to the bare mention of an brand or trademark, one can not jump to the conclusion, that brand names are not protected by rights of third parties! The copyright for published objects, produced by the author himself, remains only with the author of the pages. A duplication or a use of such illustrations, sounds, video sequences and texts in other electronic or printed publications without the strict agreement of the author is not permitted.

disclaimer: The author does not take over any guarantee for the topicality, the correctness, completeness or quality of the information, made available. Liability claims against the author, concerning damage of idealistic or of material kind, which was caused by the use or not use of the presented information and/or by the use of incorrect and incomplete information, are in principle impossible, so far as not a deliberate or roughly negligent fault can be proved on the part of the author. The documents and graphics on this Web site can be affected by technical inaccuracies or misprints, for which we don't assume any liability. FuG any time and without announcement can carry out technical amendments or improvements at the products which don't have to be documented absolutely on this Web site. Therefore FuG doesn't take any guarantee for the correctness of the details on this Web site. A legally binding contract on no account takes place alone by the information given here. Please consult us before you make use of the information given here for your application. The author expressly reserves itself the right, to change, to supplement or to delete parts of the pages or the entire offer or occasionally or finally to stop the publication without separate announcement.

Reading this

A documentation for users, administrators and developers.

The users will learn how to install and set up a demo list. The administrators will learn setting up a list and plugin configuration. The developers will learn what pt_extlist is about and how they can manipulate pt_extlist.

The users and administrators need the basic knowledge about programming. (write more!)

What is the author's intention?

Legende

Tabelle 2. Naming convention

sign	meaning

Setup.txt

The setup-file includes typoscripts. The included scripts are demolist with which u can develop pt_extlist further.

A Demolist from static countries with typo3 backend and some filters.

Demolist_MySql_01

This template configures a demolist for use with pt_extlist.

Demolist_Typo3_01

This template configures a demolist for use with pt_extlist.

Demolist_Typo3_02

This template configures a demolist for use with pt_extlist.

Demolist_Extbase_01

This template configures a demolist for use with pt_extlist for rendering ExtBase Domain objects.

Demolist_Extbase_02

This template configures a demolist for use with pt_extlist for rendering ExtBase Domain objects.

Write the title action-orientated according to the target group.

If you want to make the user to do something use this section . Write a short introduction or if necessary a short summary for long instructions. A sentence mustn't be longer than 25 words. Use the same words for the same meaning, be consistent. Use as less specialist terms as possible according to the target group. An instruction can be linked to an example. If you need figures, use a caption. Observe the chronology.

1. Write one step each sentence, at least one predicat and one object. Use the imperative. Use the formal term of address somebody. Avoid passive formulation.
 - Write an alternative, at least one predicat and one object. Use the imperative. Use the formal term of address somebody .Avoid passive formulation.
2. Write one step each sentence, at least one predicat and one object. Use the imperative. Use the formal term of address somebody. Avoid passive formulation.

Achtung

If there is a danger for human beings (element warning), you can use "do not...". If there is a danger for the product use a positive formulation. If there is a condition, use the term "when" at the beginning of the sentence.

3. Write one step each sentence, at least one predicat and one object. Use the imperative. Use the formal term of address somebody. Avoid passive formulation.

--> Write a an interim result. E.g.:Dialog box opens.

4. Write one step each sentence, at least one predicat and one object. Use the imperative. Use the formal term of address somebody. Avoid passive formulation.

=> Write a result.E.g.:You installed programm xy.

- Write one step each sentence, at least one predicat and one object. Use the imperative. Use the formal term of address somebody. Avoid passive formulation.

Warnung

If there is a danger for human beings (element warning), you can use "Do not...".

- Write an alternative, at least one predicat and one object. Use the imperative. Use the formal term of address somebody .Avoid passive formulation.

Abbildung 1. Write the title short and simple

- Write one step each sentence, at least one predicat and one object. Use the imperative. Use the formal term of address somebody. Avoid passive formulation.
- Write an alternative, at least one predicat and one object. Use the imperative. Use the formal term of address somebody .Avoid passive formulation.

Add subsections, if necessary.

example

Beispiel 1.

If you want to illustrate a subject, use this section. This section can be preceded by an instruction or description. Figures are permitted.

Write here your code.

Glossary

Glossar

E

Extended Markup Language

A set of rules for encoding documents in machine-readable form. It is defined in the XML 1.0 Specification produced by the W3C, and several other related specifications, all gratis open standards.

TypoScript Reference

\$Id: titlepage.xsl 7058 2007-07-17 13:59:29Z xml doc \$

Name

plugin.tx_ptextlist.setting — purpose of the property

Synopsis

datatype

Describe the property as short as possible.

description

Describe the property as short as possible.

example

Give an example (programcode).

Achtung

If you have an important information write it here.

parent elements

None.

child elements

listConfig.demolist_mysql_01

backendConfig

dataSource

tables

baseFromClause

baseWhereClause

baseGroupByClause

values

If you want to make a note of the values, write them right here.
